CREATORS OF CRAFT

**THE ONE STOP WASTE
MANAGEMENT SOLUTION
FOR Nation**

SHALFEYO HAS BEEN RECOGNISED WIDELY AS A PIONEER IN THE FIELD OF PLASTIC WASTE MANAGEMENT

Leading the way in Plastic Waste Recycling for over 1 decades. Established in 2018. The Shalfeyo is a Jaipur based company that recycles all types of plastic waste, and one of the leading recyclers of polymer waste in India.

Established by Mrs. Shruti Modi, the company has been built over a legacy of 3 generations, spearheaded by leaders who have shown relentless passion and responsibility towards building and sustaining a clean and safe environment for our future generations as well as for the Mother Earth For the past 1 decades, Shalfeyo Plastika has been recognized widely as a pioneer in the field of plastic waste management that started off by manufacturing all types of reprocessed plastic granules from waste or scrap

OUR PROCESS

Shalfeyo Plastika has a tie-up with Municipal Corporation in all states where plastic waste is generated in bulk quantity. We have pan-India presence with a wide network of 40 collection centers managed through numerous collection partners located across India. A majority of our partners boast of more than 20 years of experience in the industry, with well-established connections and a great approach in the nearby areas.

Collection of MLP and Non MLP Waste in these centers are done through waste collectors, aggregators, traders and societies, and our collection managers work on ground-level with rag pickers and ensure best returns on the waste collected by them. Every rag picker goes through a detailed training program where they learn to get the best output from scrap and also ensure proper segregation of waste as per their nature.

Every day, we collect both recyclable and non-recyclable plastic waste material, which are further processed at our various re-processing facility across India, Also non- recyclable waste are sent for environmentally sound end-of-life disposat like cement kiln or waste-to-energy plants

IMPORT AND EXPORTS (IMPORT AND EXPORT PRODUCT LIST)

ACROSS THE GLOBE

We import all types of industrial plastic waste & scrap of PP/HDPE/LDPE//ABS in various color & forms viz. articles, lumps, fabric, films.

Agglomerate, yarn, jumbo bags, LDPE Bales EPS Blocks. We do import materials like hdpe, pp. ars and ldpe in forms like Granules. Regrinds, Aglo, etc We also import Regrind, Recycled Granules, Loose Plant Sweep & Off grade material.

In regrind we buy-LDPE Pipe regrind. Roto Regrind, ABS Automobile Regrind, HDPE Bottle. PPCP Buckets, LDPE Molding, HDPE Pipe regrind, HDPE Crates regrind PPCP Battery regrind.

We export Plastic granules and compounded plastic Masterbatch to various countries. We are having an excellent export network across the globe because of our strength in quality of granules We do export following materials to different countries.

- PP-For injection molding, Raffia Bags, Plastic Furniture and Household
- HDPE-Pipes, Crates, Household Films, Drums
- LDPE-Pipe, Film, Molding, Sheets
- ABS-Parts of Automobile, Mixture, Cooler, Engineering products

These products are available in all colors, reasonable price range, standard quality consistently and in bulk volume.
